Reflections on the last National Tour Event in Wilmington, Ohio

By Adam Norton

I was very pleased with my performance this year finishing second in ES at the last National Tour event in Wilmington, Ohio. Here is the scoop on how the event compares to our local events, and if you are considering growing your game next year, make sure you get your practice in at KYSCCA Events so we can grow our Region's attendance at SCCA National Tour Events.

The Site – Upon first arriving at a National Tour Event the first thing one will notice is the scale of the event itself. It is a local event on steroids! With 300+ people in attendance everything needs to be done efficiently and with purpose. Paddock is large and organized, tech has its own trailer and equipment, and registration is conducted out of a separate trailer with separate lines. While the scale can be

intimidating, the basic features are the same.

The Cars – The best part of the event is the view walking through paddock. While they still allow boring ES Toyota MR Spyders to compete, there are also some very nice purpose built vehicles. Most cars are prepped to the limit of their class, which makes for some interesting setups, especially in the modified and prepared categories.

The Course – National Tour Events are held on some of the best sites in the country. They are typically conducted on large concrete air pads, meaning that course designers have a lot of room to work with. Also, being on concrete, there is an increased level of grip not found on asphalt courses. This typically leads to higher speeds than we are accustomed to locally.

Happy August Birthdays

Jackson Mason	8/21/1998

Steven Lee takes on Wilmington Divisional. "Who needs brakes when you have this much concrete" quipped Lee. Steven finished 10th out of 17 in the STR class.

The Competition – Want some humble pie? Come to a National Tour Event. Not only are some of the best prepared cars at the event, but also some of the best prepared drivers. The competition is friendly and fierce, with some classes being decided by hundredths of a second week in and week out. Every week, there are multiple individuals that can win.

National Tour Events are a different kind of fun, one everyone in the club should experience. With the NCM's 16 Acre Competition Grade Asphalt Pad almost complete we could possibly host a National Tour Event in the future. Cross your fingers.

Ky. Region SCCA Board Meeting June 25, 2014

Regional Executive Jamey McDaniel called the meeting to order at 7:05 p.m.

The following were present: Jamey McDaniel, Brian Mason, Dave Melton, Bruce Domeck, Rich Sinnock, Nathan Steinke, Shawn Lambert, Tony Morrow and Winn Willinger.

Jamey McDaniel presented the May 2014 minutes to review. The minutes were accepted.

Financial Report: Treasurer Rich Sinnock reported on club financials.

- Around \$11,500 in operating account after all the bills have been paid.
- Only outstanding bills are the port-a-pots for the year, weekend membership fees for the year, and UPS lot fees.
- Financial Report motioned to accept. Passed by board members.

Old Business: No old business to discuss.

New Business:

• **Points Event 6**

- J. McDaniel will be event chair.
- Event is being moved to UPS.
- Karl Miller will be designing the course.
- Dave Melton has agreed to tow trailer to and from the event.
- Jamey McDaniel needs assistance roping off the lot Saturday. Nathan Steinke volunteered.
- TARC has been contacted. Port-a-pots should be on site day of the event.

• **Winn Willinger**

- Winn Willinger from REV Advantage, LLC attended the board meeting to discuss for the Louisville Downs racetrack
- He is working on a grass roots movement to bring motorsports events to Louisville and the main focus is Louisville Downs. (currently there are talks to have flat track motorcycle races next year.)
- Mr. Willinger is also trying to convince the Louisville Police Foundation to use their to pave the parking lot of Louisville Downs and use it as their training pad facility. The lot could then have the potential of providing a new autocross event site.
- Mr. Willinger's reason for visiting the meeting was to inform us of his plans and to drum up interest in having more motorsports events at Louisville Downs.
- If Mr. Willinger's plan is a success and KYSCCA does decide to host an event at Louisville Downs, all agreements and rental fees would be going to Churchill Downs.

• **Fire Extinguisher Recharge**

- All extinguishers were checked. Two were replaced due to needing recharged. All Extinguishers inspections are good until August 2014.
- We will check them all again in Spring 2015.

• **Street Survival, Saturday night & Sunday Autocross.**

- We need to find a tractor-trailer for the Street Survival School.
- Need to workout the details of classroom and lunch location.
- Planning for Saturday and Sunday autocrosses is going well.
- Need 10 coaches. Anyone who completes on-line test can coach.

• **Banquet menu, location, prelim outline and such**

- Overview: January 25, J-Town Community Center, 200 guests.
- Masterson's Catering: Total cost for 200 guests: \$3068.70.
- Room for 200 people at J-Town Community Center: \$650.00
- Ticket sales will be \$20 for a single ticket, \$15 for a guest and \$5 per kid (12 years and under), limited to 5 kids.
- Tabled discussion for next board meeting:
 - Move event from Sunday Jan. 25 to Saturday, Jan. 24.
 - Nail down variable cost per person.
- Jamey would like to book the J-Town Community Center if January 24th is open.
- The board agreed to hold the January 2015 board meeting on Jan. 28th instead of before the banquet. location to be determined.

• **Corvette Motorsports Park Site Location**

- Andrew Jennings of the Tennessee Region contacted Jamey McDaniel and requested KYSCCA to contact the SCCA and allow the Tennessee Region to use the skid pad at the Corvette Motorsports Park.
- Jamey has contacted the SCCA National Office and given permission for only the skid pad on TR's designated dates. Any other events or dates will need KYSCCA approval.

Open Discussion

- Dave Melton brought up the idea of an alternative meeting location when Bruce's garage is not available.
- Trailer access is problematic Dave would like to explore other locations with better security and access for the trailer.

• **Rallycross**

- Dave and Nathan met with KEC to look at the lots for rallycross.
- SCCA National Office is waiving the sanction fees for our clubs first 2 events and insurance is only \$3.50 per car.

Nathan made a motion to adjourn and seconded by Rich. Motion passed. Respectfully submitted this July 21, 2014 by Tony Morrow.

Points Event 7 90 Drivers Strong

by Michael Salvo_Nissan 350Z

Yet another very well organized event by KYSCCA is in the books. Thanks for the honor of being your Event Chair for Points Event #7, the weather stayed clear and we all had a blast! Your very challenging course was designed by Raymond Dzousa assisted by Shawn Lambert. SSS required no course "fixes".

90 drivers. First car off at 10:26 am, last car in at 2:10 pm. We did 445 timed runs in 224 minutes! (not counting Shawn Lambert's 17 re-runs...).

Of our field of 90 drivers, 9 were there to race with our club for the first time (yes, a full 10%).

Since we finished early, we squeezed in about 25 minutes worth of fun runs, picked up our cones and headed to the "after-dinner" at El Nopal with 22 in attendance.

Today, plain and simple, was very smooth! It started with line free registration, Tony Shulthise's rapid novice walk, our short but always amazingly informational drivers' meeting, and then an excellent job by our grid, trailer, and course workers to keep everything moving smoothly. Everyone was paying attention and we got cars on and off course quickly, efficiently, and safely! Even RE Jamey McDaniel relaxed for a bit and hit the course to shag a few cones during the fun runs!

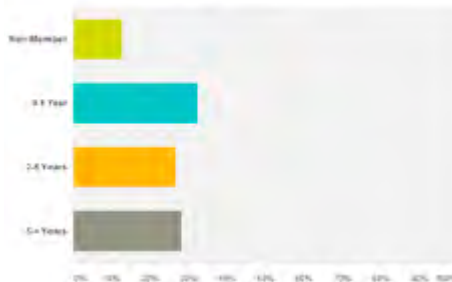

Autocross Sundays always have a few challenges.... We saw an Evo spewing lug nuts (but he found them). We also saw an Evo trying to shed its exhaust (hey, it was a heck of a launch though...). That one called for enthusiastic radio calls for a flag, which eventually flew and the exhaust was saved... We saw a spinout or two and a few brief red flags (ever seen a Volvo 242 spin? It is loud!). Lastly, we saw some incredibly fast runs (including FTD) by Bruce Domeck in a beautiful 1969 Lotus Elan!

Several positive comments from guests who call other regions home painted a picture we already knew. We have an excellent club that is laying down some awesome events. Keep talking about it on social media and let's keep growing! See ya in August and drive well! (See results on page 5)
