Healthcare Coverage and AutoX

Or— "am I covered while a Vette is headed toward my work station?"

OK, I know... What does healthcare insurance have to do with Autocross? That's a great question. It could be answered by the corner worker who was on course without a spotter, not paying attention and texting pictures of cars driving. He would tell you that he was in need of some serious health insurance after he was flipped up in the air by a low flying C5 Vette. Needless to say, he needed health insurance...

Points Event No. 10 the showdown of the 2014 season

by Armando Manzo Pontiac Solstice Silver ASP

KYSCCA Points Event #10 was the last point event of the year and many championships for classes and Driver of the Year was up for grabs.

A dry and breezy morning welcomed over 80 AutoXers to the UPS Grade Lane Lot where we had two heats and six runs each.

Excitement was in the air as the 2014 Driver of the Year would be decided between Raymond Dsouza, Shawn Lambert and Adam Norton.

With only a 3.5 point lead, Adam pulled out a win. Congratulations!

We had a large number of new faces and a large group for the novice walk. We would like to thank everyone who helped our newer folks have a great KYSCCA event experience. We did have a technical issue with the timing system that the club board is reviewing how the club may improve on recovery time for future events.

Thanks to Jam Pan food truck for providing delicious Jerk Pork and Chicken. It was a quick and easy lunch for the club. We look forward to having them back!

Overall, we had a fun and safe event. We would like to encourage you to come out to our remaining Fun Events still to come in October. See you there!

Fun Event No. 3 everyone was "Slammed" again

by Eric Brown – 2014 Ford Focus ST

Despite a depressing forecast, and a constant threat of rain, the KYSCCA Fun Event #3 went off without a hitch on what turned out to be a beautiful, cool, partly cloudy day. The threat of bad weather lead to a smaller than normal turnout of 57 competitors, but it did not water down the competition across the classes and in the Final PAX and Raw Time contests. First car was off at 10:30am, 5 runs for everyone, and the trailer was packed and people were heading to El Nopal early enough to get a margarita before the afternoon NFL games kicked off.

The course was fantastic, using a cross-over design to have a 45 second course on a relatively small lot. The first half was very fast, and the second half was

very interesting. Thanks to some dirt, mud, and sand accumulation in one section we got our first taste of RallyX in the KY Region. Dust clouds, tail slides, and some crazy drifting made it all the more exciting. A great preview to the 2015 season when we hope to host our region's first RallyX.

As for the results, it was a Slam(bert) Dunk for the #76 STX RX8. Shawn put together a smoking 42.539 in the first heat which held on to be the #1 PAX and the #1 Raw Time. It was a "Colemanesque" performance to grab all the hardware. (Just ask him about that one time in CKR, trust me he'll tell you all about it).

Also, I'd be remiss if I didn't mention the return of the famous "Stephen Lee'd" by none other than the Stephen Lee in SMF!

Up next for KYR is the Inaugural National Corvette Museum event on October 26th at NCM Motorsports Park in Bowling Green, KY. If you have not registered yet, do so now and save \$10 [HERE](#). There is also a Test & Tune on the site that Saturday, October 25th beginning at approximately 12:00 CST. 3 runs will be \$10, cash only and YES, you will be able to register, tech & walk the course Saturday! Join us for the first of many future events at this awesome new event site in the KY Region!
